LIBRARY ORIENTATION FOR STUDENTS

Al Azhar Dental College conducted a library orientation for first-year BDS students to introduce them to the library's resources and services. The session covered the library's layout, catalog system, and guidelines for borrowing and returning materials. Students were introduced to digital resources, including e-journals, e-books, and academic databases, along with techniques for effective literature search. Emphasis was placed on the importance of utilizing the library for academic success and research development. The interactive session concluded with a Q&A, ensuring students felt confident navigating the library. Feedback highlighted the program's role in fostering a strong foundation for academic excellence.

LIBRARY ORIENTATION FOR STAFF – EBSCO

EBSCO conducted a library orientation for faculty at Al Azhar Dental College to enhance resource utilization for teaching and research. The session introduced EBSCO's academic databases, demonstrating advanced search techniques, filters, and resource-saving tools. Faculty learned to create alerts, access resources remotely, and integrate curated content into teaching. The hands-on approach received positive feedback, with suggestions for follow-up workshops on specialized topics. The session proved valuable in equipping faculty with skills to leverage EBSCO's tools effectively, supporting the institution's research-oriented goals. Future collaborations with EBSCO are planned to further enrich academic engagement and resource accessibility.

LIBRARY ORIENTATION FOR STAFF – EMBASE

Al Azhar Dental College organized an EMBASE orientation for faculty development, focusing on enhancing research and academic proficiency. The session provided an overview of EMBASE's comprehensive biomedical databases, emphasizing advanced literature search techniques, evidence-based research methods, and systematic reviews. Faculty members were trained in using filters, citation tools, and personalized alerts to streamline research processes. The interactive session highlighted the relevance of EMBASE in dental and medical research, empowering faculty to integrate its resources into their academic and clinical practices. Positive feedback underscored the program's value, with plans for future sessions to deepen resource utilization and collaboration.
