CAMP REPORT

Report on Dental Camp Conducted at High School, Kudayathoor on 26/5/2024

Date: 26th may 2024

Venue: High School, Kudayathoor

Conducted by: Al Azhar Dental College, PHD Department

A dental camp was organized at High School, Kudayathoor on 26/5/2024. The camp was an initiative by the Public Health Dentistry Department of Al Azhar Dental College, aimed at providing essential dental care and raising awareness about oral hygiene among the local community. The primary objectives of the camp were:

- To provide free dental check-ups and treatment to the students and community members.
- To educate participants on the importance of oral hygiene and preventive dental care.
- To identify common dental issues and offer appropriate advice and referrals for further treatment if necessary.

The camp was open to all students and local residents. A total of **32 patients** were treated during the camp. The participants ranged from young children to elderly individuals, ensuring a wide demographic was reached.

The dental camp provided a range of services, including:

- Comprehensive oral examinations were conducted to assess the dental health of each patient.
- Immediate treatments, such as cleaning, filling, and extraction, were provided as needed.
- Participants were educated on proper brushing techniques, the importance of regular dental check-ups, and the role of diet in maintaining dental health.
- Patients requiring more advanced care were referred to the Al Azhar Dental College for further treatment.

The camp was successful in achieving its objectives, with many participants expressing gratitude for the free services provided. The dental team from Al Azhar Dental College received positive feedback for their professionalism and dedication. The camp also highlighted the need for more regular dental check-ups and education in the community.
