Report on Water Treatment Plant Visit by Al Azhar Dental College Students

Date: 18th June 2023

Location: Water Treatment Plant, Thodupuzha

Headed by:

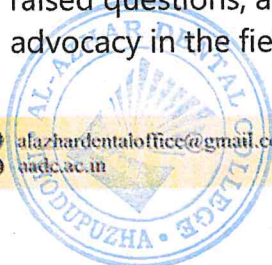

- **Dr. Pallavi Ammu Thomas**, Senior Lecturer, Department of Public Health Dentistry

Participants: 76 students from Al Azhar Dental College

Objective: The visit to the Water Treatment Plant in Thodupuzha aimed to provide students from Al Azhar Dental College with insights into the process of water purification and its significance in public health.

Activities and Observations:

- Dr. Pallavi Ammu Thomas led the session, commencing with an introduction to the importance of safe drinking water in maintaining oral and overall health.
- Students were briefed on the various sources of water and the potential contaminants that can compromise its quality.
- Interactive sessions were conducted to explain the role of each process in removing impurities and pathogens from the water supply, ensuring its safety for consumption.
- Emphasis was placed on the significance of regular monitoring and maintenance of water treatment facilities to uphold water quality standards and safeguard public health.
- Students actively engaged in discussions on the implications of waterborne diseases on oral health and overall well-being, as well as the role of preventive measures in mitigating these risks.
- Practical demonstrations were conducted to illustrate the principles of water quality assessment and the importance of community involvement in water management and conservation efforts.
- The visit concluded with a reflection session, where students shared their insights, raised questions, and discussed potential avenues for future research and advocacy in the field of water sanitation and hygiene.

Key Learnings:

- Understanding the process of water purification and its role in safeguarding public health.
- Recognizing the importance of access to clean and safe drinking water in promoting oral and overall well-being.
- Appreciating the technological advancements and regulatory measures involved in ensuring water quality standards.
- Identifying the challenges and opportunities in addressing water-related health disparities and promoting sustainable water management practices.

Conclusion: The visit to the Water Treatment Plant provided students from Al Azhar Dental College with valuable insights into the critical role of water purification in ensuring public health and well-being. The engagement fostered a deeper understanding of the challenges and opportunities in water management and sanitation, inspiring a commitment to contribute to efforts aimed at promoting access to clean and safe drinking water for all.

Report on DentCare Dental Lab Visit for Students of Al Azhar Dental College

Dates: August 22nd and 23rd, 2023

Number of Students: 116 students

Location: DentCare Dental Lab

Introduction: On August 22nd and 23rd, 2023, a group of 116 students from Al Azhar Dental College had the opportunity to visit Dent Care Dental Lab. The purpose of the visit was to provide students with practical exposure to dental laboratory procedures and techniques, enhancing their understanding of the behind-the-scenes work involved in fabricating dental prostheses and appliances.

Day 1: August 22nd, 2023 - Visit Overview: On the first day of the visit, students were welcomed to DentCare Dental Lab by the staff and technicians. The visit began with an introductory session, where students were briefed about the history and operations of the dental lab. They were also introduced to the various departments within the lab, including prosthetics, ceramics, and orthodontics.

Activities and Learning Opportunities:

- **Demonstrations:** Students had the opportunity to observe live demonstrations of dental laboratory procedures, such as wax carving, model pouring, and articulator use.
- **Hands-on Experience:** Under the guidance of experienced technicians, students were able to engage in hands-on activities, including pouring impressions, trimming models, and adjusting prosthetic appliances.
- **Interactive Sessions:** Throughout the visit, students engaged in interactive sessions with the lab technicians, asking questions and learning about the intricacies of dental lab work.

Thodupuzha - 685 605

12/12/23
18/12/23

Day 2: August 23rd, 2023 - Advanced Learning and Feedback: The second day of the visit focused on more advanced topics and techniques in dental laboratory procedures. Building upon the foundation laid on the first day, students delved deeper into the processes involved in fabricating complex dental prostheses and appliances.

Highlights of Day 2:

- **Advanced Techniques:** Students were exposed to advanced techniques in prosthetic fabrication, including CAD/CAM technology, digital impression scanning, and computer-aided design of dental restorations.
- **Case Studies:** Through case studies and real-life examples, students gained insight into the practical application of dental laboratory techniques in patient care and treatment planning.
- **Feedback and Reflection:** At the end of the visit, students had the opportunity to provide feedback on their experience and reflect on the knowledge gained during the two-day visit.

Conclusion: The visit to DentCare Dental Lab proved to be a valuable learning experience for the students of Al Azhar Dental College. By providing hands-on exposure to dental laboratory procedures and advanced techniques, the visit enhanced students' understanding of the collaborative nature of dental care and the integral role of dental laboratories in patient treatment. The interaction with experienced technicians and the opportunity to engage in practical activities enriched the students' learning journey and prepared them for future careers in dentistry.

Report on DentCare Dental Lab Visit for Students of Al Azhar Dental College

Dates: April 2nd and 3rd, 2024

Number of Students: 73 Students

Location: DentCare Dental Lab, Muvattupuzha

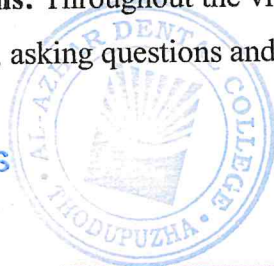

Introduction: On April 2nd and 3rd, 2024, a group of 73 students from Al Azhar Dental College had the opportunity to visit Dent Care Dental Lab. The purpose of the visit was to provide students with practical exposure to dental laboratory procedures and techniques, enhancing their understanding of the behind-the-scenes work involved in fabricating dental prostheses and appliances.

Day 1: April 2nd, 2024 - Visit Overview: On the first day of the visit, students were welcomed to DentCare Dental Lab by the staff and technicians. The visit began with an introductory session, where students were briefed about the history and operations of the dental lab. They were also introduced to the various departments within the lab, including prosthetics, ceramics, and orthodontics.

Activities and Learning Opportunities:

- **Demonstrations:** Students had the opportunity to observe live demonstrations of dental laboratory procedures, such as wax carving, model pouring, and articulator use.
- **Hands-on Experience:** Under the guidance of experienced technicians, students were able to engage in hands-on activities, including pouring impressions, trimming models, and adjusting prosthetic appliances.
- **Interactive Sessions:** Throughout the visit, students engaged in interactive sessions with the lab technicians, asking questions and learning about the intricacies of dental lab work.

Prof. Dr. Vinod Kumar R B

Under the aegis of Abloom Islam Trust
(Recognised by Dental Council of India & Affiliated to ICAHS)
Al-Azhar Dental College
Thodupuzha - 685 605

Day 2: April 3rd, 2024 - Advanced Learning and Feedback: The second day of the visit focused on more advanced topics and techniques in dental laboratory procedures. Building upon the foundation laid on the first day, students delved deeper into the processes involved in fabricating complex dental prostheses and appliances.

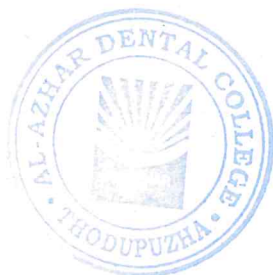

Highlights of Day 2:

- **Advanced Techniques:** Students were exposed to advanced techniques in prosthetic fabrication, including CAD/CAM technology, digital impression scanning, and computer-aided design of dental restorations.
- **Case Studies:** Through case studies and real-life examples, students gained insight into the practical application of dental laboratory techniques in patient care and treatment planning.
- **Feedback and Reflection:** At the end of the visit, students had the opportunity to provide feedback on their experience and reflect on the knowledge gained during the two-day visit.

Conclusion: The visit to DentCare Dental Lab proved to be a valuable learning experience for the students of Al Azhar Dental College. By providing hands-on exposure to dental laboratory procedures and advanced techniques, the visit enhanced students' understanding of the collaborative nature of dental care and the integral role of dental laboratories in patient treatment. The interaction with experienced technicians and the opportunity to engage in practical activities enriched the students' learning journey and prepared them for future careers in dentistry.

Report on FHC Visit by Al Azhar Dental College Students

Date: 6th and 7th November 2023

Location: Family Health Centre (FHC)

Headed by:

- **Dr. Bharath Sekhar Nayanar**, Senior Lecturer, Department of Public Health Dentistry (Day 1)
- **Dr. Prijitha Alex**, HOD, Department of Public Health Dentistry (Day 2)

Participants: 73 students from Al Azhar Dental College

Objective: The visit to the Family Health Centre (FHC) aimed to provide Al Azhar Dental College students with an insight into the functioning of primary healthcare facilities and to acquaint them with various government health programs operating within the center.

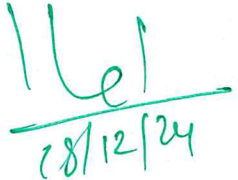

Activities and Observations:

Day 1 (6th November 2023):

- Dr. Bharath Sekhar Nayanar led the session, commencing with an overview of the FHC's role in community healthcare.
- Students were briefed on the comprehensive services provided by FHC, including primary healthcare, dental services, maternal and child health programs, and preventive care initiatives.
- Emphasis was placed on understanding the collaborative efforts between dental and general healthcare professionals in promoting holistic health.
- Interactive sessions were conducted to address queries and facilitate discussions on the significance of public health dentistry in community wellness.
- Students were provided with first-hand exposure to the operational aspects of FHC, including patient management, record-keeping procedures, and the integration of technology in healthcare delivery.

Principal
Al-Azhar Dental College
Thodupuzha - 685 605

Prof. Dr. Vinod Kumar R B
Principal
Al-Azhar Dental College
Thodupuzha - 685 605

Day 2 (7th November 2023):

- Dr. Prijitha Alex guided the students through a detailed exploration of various government health programs administered at FHC.
- Special focus was given to programs targeting oral health promotion, such as community outreach initiatives, school dental health programs, and awareness campaigns.
- Students actively participated in workshops and practical demonstrations, gaining insights into the implementation strategies and impact assessment of these programs.
- Discussions ensued on the challenges faced in delivering healthcare services to marginalized populations and strategies for overcoming barriers to access.
- The visit concluded with a reflection session, where students shared their learnings, challenges encountered, and proposed strategies for future engagement in community health initiatives.

Key Learnings:

- Understanding the integral role of FHC in providing comprehensive primary healthcare services.
- Appreciating the collaborative efforts between dental and general healthcare professionals in promoting community wellness.
- Gaining insights into the operational dynamics and challenges faced in healthcare delivery at grassroots levels.
- Recognizing the significance of government health programs in addressing public health challenges and promoting preventive care.

Conclusion: The FHC visit served as a valuable learning experience for Al Azhar Dental College students, offering insights into the multifaceted aspects of community healthcare and the pivotal role of public health dentistry in promoting overall wellness. The engagement facilitated meaningful interactions, encouraged critical thinking, and inspired a commitment to contribute positively to the advancement of public health initiatives.
